

**Ms. Sky Siu**

Executive Director  
KELY Support Group

**Biography**

Sky has been with KELY Support Group (KELY) since 2011, and was appointed as the organisation's Executive Director in April 2015. With her passion and deep understanding of youth issues, Sky's aspiration for KELY lies in nurturing young people throughout important developmental stages, and creating sustainable impact in the drug and alcohol abuse prevention and intervention services for at-risk, marginalised young people in Hong Kong.

With a background in Public Health practice, Sky has worked in adolescent health research and local and international community development projects, including those related to women's empowerment and education in underprivileged South Asian nations. In 2005, Sky co-founded a support network in Hong Kong for ethnically Chinese third culture teens. She is also a member of the World Economic Forum's Global Shaper Community, a TEDx speaker in Hong Kong, and since 2015 has been supporting HK welfare development as a Policy Research & Advocacy Standing Committee Member in the Hong Kong Council of Social Services. In 2017, Sky was nominated as a candidate for the AmCham HK Women of Influence Non-Profit Leader Award.
