Brief Biography

Vivian graduated from the University of Hong Kong in 2011 with a Bachelor of Science, majors in Ecology and Biodiversity. She studied a Master program related to endangered species conservation in United Kingdom. After joining The Kadoorie Institute in 2013, She worked in Lung Fu Shan Environmental Education Center. Her major duties included field data collection in the Global Forest Observatory, environmental education activities. She is now a project officer in the Sustainable Lai Chi Wo Project. She is now mainly responsible for the education and training activities in this rural community revitalization project.
