✧ The courses you wish to take at your host institution are not compulsorially be equivalent to a specific HKU course, but you have to indicate the “Field” (e.g. Sociology, Linguistics, etc.) and “Aim to fulfil” (e.g. Major in Sociology, Global Citizenship, etc.) clearly to facilitate the approval process.

✧ If you have not declared your major, you should fill in “Electives” for the “Aim to fulfil” during application for any potential courses of declared major.

✧ Notification of result: The dashboard on the online system will indicate the date of result announcement. The system will also send you a notification when the result is available online.
Points to Note while Selecting Courses for Credit Transfer

1. The **maximum or minimum number of HKU-equivalent credits** that you can transfer from the host university to HKU:

   ◆ Please refer to the Regulations and Syllabus of your degree programme for the normative semester and annual study load. Normally, you can transfer no less than 24 or not more than 36 HKU-equivalent credits to HKU.
   ◆ You are reminded that at least 50% of the credits for fulfilling a major (excluding the fulfilment of Social Innovation and Global Citizenship)/minor programme has to be the courses taken at HKU.
   ◆ If you have violated any regulations, you are required to submit and complete a special approval **application form** together with any supporting documents to the Faculty Office. Each application will be considered on case-by-case basis.

2. The **credit conversion ratio** between the HKU and the host university:

   ◆ Please refer to the Credit Conversion for Outgoing Exchange Students available at the Faculty website:
     - Current Students → Off-campus Learning → Exchange Programmes → Exchange-out (i.e. scroll down the page and see “Reference Documents”)
   ◆ On the OES, the converted HKU-equivalent-credits are calculated automatically. You should enter the number of credits of each course according to your supporting documents.
   ◆ If the host university is not listed in the credit conversion table/ reflected on OES, you are required to submit the official information of the length of the study and number of credits required for graduation for the honors degree of the host university to the Faculty Office for approval. The Faculty Office will then add the relevant information to the credit conversion table and OES.

3. The **selection of Aim of Fulfillment** for the courses

   ◆ **Major:**
     To fulfill the requirement of major’s compulsory course(s), the department(s) must approve the course(s) offered by the host institutions as transferable and equivalent to the HKU’s compulsory course(s).
   ◆ **Elective Course:**
     Courses intended to be transferred as free electives.
   ◆ **Global Citizenship (GC):**
     Courses that are approved as advanced level elective courses can be used to fulfill GC, therefore students should check if they want to transfer any courses as GC or electives.
   ◆ It should be noted that 12 HKU-equivalent credits are required to fulfill GC.
**IV. On Exchange – Change of Study Plan if necessary**

**DURING exchange studies at the host institution** –

You can change your study plan (such as adding or dropping any courses if necessary) during the add/drop period at the host institution.

You can apply for more courses either during Phase 1 application period or Phase 2 application period. Please refer to the system dashboard for the exact date.

During the 2 application periods, you can go to **Step 1.3 and click Add New to apply for credit transfers of more courses.**

You are required to **confirm the finalized course registration** (i.e. provide the course titles and aims of fulfilment) to the Faculty Office by the deadline through the OES as indicated in the dashboard of the system.

* Retrospective application after the above mentioned period will NOT be accepted.
