

## **Hong Kong's Future as an International Financial Centre:**

### **Reinforcing the City's Unique Role as a Superconnector Between East and West**

#### **Abstract**

Despite the global challenges of geopolitics, macro-economic volatility and the pandemic, Hong Kong has demonstrated remarkable resilience as an international financial centre (IFC). What unique strengths does Hong Kong have as an IFC? And how will these strengths help it to capture the opportunities of the global megatrends on the horizon?
