

**Professor Huali Wang**

Professor and the Chair for Clinical Research  
Director of the Dementia Care and Research Center  
Associate Director of Beijing Dementia Key Lab  
Peking University Institute of Mental Health

**Biography**

Professor Huali Wang established the first dementia caregiver support group in China in 2000. Now she directs a training programme for community doctors and service providers, and a train-the-trainer programme for dementia caregivers support in China. She published five books on dementia care, including Smart Caregivers, China Memory Clinic Guideline and Practice Manual on Psychological Support for Older Adults. The care model has been partly adopted by WHO West Pacific Regional Office to develop the toolkit for community-based dementia care in low- and middle-income countries. Professor Wang is leading the National Platform on Clinical Dataset and Biobank of Major Mental Disorders. In regard to biomarker research of Alzheimer's Disease, she found that ApoE4 allele potentially modulates the hippocampal connectivity and the brain functional connectome.
