Academic Honesty

Plagiarism is defined as "the unacknowledged use, as one's own, of work of another person, whether or not such work has been published". It constitutes academic theft – the offender has 'stolen' some intellectual property and presented it as his or her own's.

Students should develop a good practice of **citation**. Assessments submitted in any form should properly acknowledge all sources referenced through citation to give credits to the quotes and/or ideas originated from another source.

Academic Honesty

Plagiarism speaks to a person's integrity and honesty, stifles creativity and originality, and defeats the fundamental purpose of education.

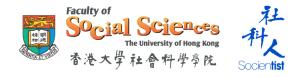

In HKU, Plagiarism is a serious disciplinary offence. Any student who commits the offence is liable to disciplinary action, such as a reprimand, fine, withdrawal, suspension, and even expulsion from the University.

Attendance

Students should attend all lectures, laboratory classes, tutorials, seminars and fieldwork required for each course.

Absent from classes without sound justifications and leave records may result in mark deduction on assessments, or even course failure.

Medical leave

Students who cannot attend classes because of illness should inform the Faculty Office in writing as soon as possible. Medical certificate is required for the leave application.

If longer leave is required (i.e. one semester or one academic year), application should be submitted prior to the start of the semester.

Exchange leave

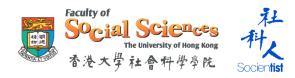

Students who will go abroad for exchange studies should submit their applications for exchange leave and credit transfer prior to departure. No retrospective application will be considered.

Personal leave

Students who plan to take one semester or one academic year off for personal engagement could also apply for personal leave. Application with sound justifications should be submitted to the Faculty Office prior to the start of the semester.

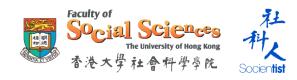

Students should also pay special attention to the maximum registration period prescribed in the respective degree regulations.
