

姓名：_____ 班別：_____ 日期：_____

單元三：我們可變嗎？

紙上大風吹
家課

你覺得紙上的 16 個人可以怎樣分組呢？

規則：

1. 請把他們分成四組，然後把編號寫進方格裡。
2. 每一個人都至少要被分派到一組。
3. 每組要多於一個人。
4. 你可以重複分派同一人到多於一個組別，例如，1 號可以分別屬於第一組和第二組。
5. 請寫出你分組的原因。

例子：

#5、#7、#11 和#15 都屬於「老人家」這個組別，因為他們看似年紀老邁，而且頭髮變白。

第一組	你為何會這樣分組呢？
第二組	你為何會這樣分組呢？
第三組	你為何會這樣分組呢？
第四組	你為何會這樣分組呢？

Name: _____ Class: _____ Date: _____

Lesson 3: Can We Change?

Who's in what group? Homework

There are 16 persons here. Can you organize them into groups?

Here are some rules:

1. Please put them into 4 groups by writing the number in the box below.
2. **Don't leave anyone out!** Each person belong to at least one group.
3. **They can't be alone!** So, each group has to have more than one person.
4. If you wish, you can assign the same person to **more than one group**. For example, no.1 can belong to both group one and two.
5. For each group, please explain the **reasons** for grouping.

Example:

#5、 #7、 #11 and #15 belong to the group “elderly” since they look old and their hair is getting white.

Group 1	Reasons for grouping
Group 2	Reasons for grouping
Group 3	Reasons for grouping
Group 4	Reasons for grouping
